"It is our choices that show  
What we are far more than our abilities.

This is a famous quote from J. K. Rowling.  
Rowling is famous for writing the book  
series Harry Potter. She was born  
July 13, 1963 in Gloucestershire England.

There are many facts about J. K. Rowling.  
So here are some facts about J. K. Rowling.  
In high school she stood  
up to the school bully. Another fact is that  
she loves trains. Her favorite book series is  
Chronicles of Narnia. Her favorite subject  
is English. Her real first name is  
Joanne. Also the characters in her  
book are based off real people.

J.K. Rowling was born at a good time. She could use a desk top computer (1925). She had access to the internet (1969). I believe she used these pieces of technology a lot!

J.K. Rowling became famous for writing the book series Harry Potter. The books are about a orphan, who discovers that he is actually a wizzard and enrolls in the Hogwarts School of Witchcraft Wizardry. These are great books and they are very popular books. These books have earned a lot of awards.

There are many facts about J.K. Rowling. Her first copy sold at a auction was more than 100,000 dollars. It was bought by a company named Scholastic.

J.K. Rowling also has three kids her the oldest is Jessica Isabel Rowling, the middle child is David Gordon Rowling, the youngest is Mackenzie James Rowling.

J.K. Rowling became famous because she wrote the Harry Potter books. I picked J.K. Rowling because I love her books also I read the books every night also She is one of my favorite authors. also She has mad

"It is out of  
choices that  
show what we  
are far more  
than our  
abilities."
