# King Tutankamun

By: Colton Tillery

I "I am King, because I know how to rule myself." This is a famous quote by King Tutankamun. King Tutankamun was famous because when they found his tomb he had the most gold. He was born in 1343 B.C. in Egypt and died in 1325 B.C. at the age of 19.

There are many interesting facts about King Tutankamun he grew up in royalty and was born a prince. King Tut spent his childhood in a brand new palace in Amarna Egypt. King Tut liked to hunt ostriches. Those are some interesting facts about King Tut.

What made King Tut famous is he let the people worship many gods. Did you know the Kingdom dated from 1539 BC to 1075 BC? When they buried him, they buried him with all of the stuff he needed to rule in heaven.

King Tut grew a long long time ago. During his life wheels were around, as were mudbricks homes, pictographs, and chariots I think King Tut would be shocked with all the technology around today.

There are many interesting facts about King Tut. Did you know when they found him there were over 5,000 things in his tomb? Some items included gold, necklace and games. Nobody liked his father because his father only wanted one God. No one knows what happened to him when he died.

What made King Tut famous is that when he died he had the most gold and games in his tomb. I picked King Tut because my Dad and I have to read and I wanted to learn more about King Tut.
