

HARRISON'S HEROES

STEWART ELEMENTARY SCHOOL

Dear Parents,

It's hard to believe that we only have 18 days before summer break. I can't remember a faster year. We do have many things planned for these final weeks of school.

The students will be taking their Math NWEA test on Tuesday afternoon and their Reading NWEA test on Thursday afternoon. I am expecting to see great growth in the students scores as they have been working so hard and learning so much this year.

The students did a great job on their math, Unit 6 test last week. These tests were sent home on Thursday. Today they started Unit 7, Extended Multiplication and Fractions. A parent letter is attached that explains some of the concepts the students will be learning in this unit. The students will be assigned two pages of homework a week from here until the rest of the year. The homework will be due on Friday. This way, students can do their homework on the day that is most convenient for them.

The ABCs of Third Grade

This week the students will be working on one of their final writing projects for the year; The ABC's of Third Grade. This week students will pick a letter from the alphabet and brainstorm all the things that they did throughout the year that start with that letter. They will then write an essay describing these things. They will be using the computers to write their final draft using Google Docs. We will be compiling all the students' essays and putting them into an ABC book. Each student will be receiving a copy of the book at the end of the year. The book will also contain video links/QR codes to all the movies we created throughout the year.

Thumbs-Up for the book and movie Wonder!

The students all appeared to thoroughly enjoy the book and movie Wonder. Our next read aloud will be Ramona and Beezus by Beverly Cleary.
