Happy Birthday Johnny Appleseed!

Did you know Johnny Appleseed's real name is John Chapman? If he were alive today he would be 239 years old!! He was born on September 26, 1774. The students enjoyed learning these fun facts last Thursday about Johnny Appleseed along with many more facts about apples from Lisa Micunek, an affairs specialist from Martin' Super Market, who gave an apple presentation to our class along with our buddies. Lisa also brought with her apple butter and Honey Crisp Apples for the kids to sample.

Students had fun last week creating their Flat Stanleys to send to friends and relatives that live in different parts of the state or country.

Note from Mrs. Harrison Continued:

This Friday is a professional development day for teachers, so **students do not have school**. Students will be taking this week's spelling test on Thursday.

Flat Stanley

Last week the students finished reading the story Flat Stanley. In this story the children learned all about Stanley's journeys to different parts of world. When they finished reading this book, the students colored their own Flat Stanleys to send to a relative or friend that lives in a different city, state, or even country. Students also wrote letters to send with their Flat Stanleys. The recipient of these letters should write about Stanley's adventures during his visit and send Stanley back along with pictures. This is always an exciting event for third graders as they love to learn about different places and cultures. Your child should be bringing his/her Flat Stanley home on Monday to send out. Thank you for your help with this project.
